Returning, with certain observations, the files of cancelled Rabadaries for the months of May & June 1890 & intimating that Govt view with dissatisfaction a recurrence of faults repeatedly pointed out.

79 (30)

Read the following dockets received from the Excise Commissioner in Mysore forwarding Registers of Issues of Attack from the Govt Central Distillery and files of Attack Rahadaries with the usual analysis of results for the months of May and June 1890.

No $\frac{1522}{57}$ dated 18th June 1890

———"———.

No. $\frac{3104}{322}$ of $\frac{13-6-9}{17}$ Order thereon.

Encl. 242 Rahadaries

The examination of the cancelled Rahadaries with the detailed Registers of issues for the above months has shown the following results.

2. The total quantity

of arrack issued in the months of May was 36,681 Gallons & 14 Drams covered by 388 Rahadaries representing a total revenue of Rs 1,21,791-1-2, while that in the months of June was 37,264 Gallons, and 20 Drams covered by 386 Rahadaries, the revenue derived therefrom being Rs 1,23,568-12-10; vide details embodied in the statements attached ~~hereto~~ hereto.

3. The D.C.B statements furnished by the Excise Commissioner for the months under reference show that out of Rs 2,57,084-15-6, being the demand for May including not only the value of arrack issued, but also 2 anna gallan fee, establishment fees and

and the opening balance at the beginning of the month, Rs 1,04,097-7-10, were collected leaving an outstanding balance of Rs 1,52,987-7-8, while for the month of June the collections against the total demand of Rs 2,76,671-4-0, excluding wastage, local cess and discount to the contractors, amounted to Rs 146178-6-10, leaving a balance of Rs 1,30,492-13-2.

4. The following is a list of Rahadaries not received with the files.-

Nos 389, 457, 521, & 613, issued to parties in the Bangalore Town.

No 436 dated 12th May 1890 issued to the Baitamangalam Koti said to have been sent to the Deputy Commissioner for

some explanation.

No 70 dated 28th May issued to the Chennageri Koti.-

No 64 dated 28th May issued to the Ayanur Koti. The explanations of the Koti Mutsaddi that two copies of this Kahadary obtained one after another were dropped on the road while being taken to the Taluk Cutchary once by his daughter and at the second time by his son when he (the Mutsaddi) was sick, seems rather extraordinary. ~~It is~~ ~~proclaimed that due~~ ~~enquiry has been made~~ ~~into the matter and~~ ~~notice taken~~. The Circumstances have been referred to Revenue Officer

5- The taluk Patties which should have accompanied the cancelled

cancelled Rahadaries when they were sent to the Shimoga D.C. Office are not forthcoming. But only an abstract prepared in the District Office is found with the file. The taluk Patties are probably detained in the district Office.

The reason is not explained.

6. In the case of 8 Rahadaries issued to the Sakleshpur Kotis only the duplicates have been received but not the originals and the former are useless for purposes of Scrutiny as to whether the prescribed rules were duly attended to.

This is regretted.

7. The non-return within the prescribed time ~~of~~ Some of the Rahadaries issued to parties within the town of Bangalore in May and June

are also found returned after the enquiries were made

to the only points deserving a mention here, the other points being of the usual nature.

8. In regard to the Kahadaries issued during the month of June the following points call for further observation.—

9. According to the Taluk Serista the number of Kahadaries issued to the Town of Bangalore is 31, the total quantity of arrack thereby covered being 4254 Gallons & 22 Drams, whereas according to the analysis there should be 36 Kahadaries & 4255 Gls and 27 Drams of liquor, the difference being 5— Kahadaries & 1 Gallon & 5 Drs This discrepancy is apparently due to the non-receipts of the following
